Guidelines for Management of Temporary Medical Camps / Quarantine Centres

Government has ordered the Panchayati Raj Department and Housing & Urban Development Department to maintain Medical Centres where people from outside the State on their return to their villages or towns shall be quarantined mandatorily for a period of fourteen (14) days before being allowed to go to their homes, if found otherwise fit. The task of managing these centres in turn has been assigned to Gram Panchayats (GPs) & Urban Local Bodies (ULBs), who have also been instructed to register all such people intending to return to the State mandatorily. No one from outside the State shall go to their homes / houses without being subjected to and satisfactorily completing the mandatory quarantine in a place so ordered / allowed by the concerned Gram Panchayat or ULB.

It is, therefore, important that GPs/ ULBs, select and prepare such number and with such bed capacity of Medical / Quarantine facilities with provision for accommodation along with facilities for bath and toilets, etc. While preparing such facilities, it must be kept in mind that people who may be required to be quarantined may comprise of men, women and children and people of all ages - old to children and infants and people with sickness, physically and mentally challenged. Among women, there may be some pregnant and lactating women and adolescent girls. While organizing such facilities, needs of each of these category of people must be taken into consideration. The three sacred principles that must be kept in mind and must be followed are **(a) Privacy (b) Safety and (c) Dignity**. As far as **Privacy** is concerned separate rooms, baths and toilets must be arranged for men and women. In case there are people from LGBT community, separate provisions should be made. Special needs of differently abled people must also be addressed. When it comes to **Safety**, all persons so accommodated should never have a feeling of being under threats of any kind. **Safety** of women and children and their security concerns need to be addressed specially. **Dignity** of individuals must be respected by all concerned - those managing the facilities and those who stay there. **Respect** for individuals – their religion, caste, and faith and beliefs must be respected. No **discrimination** of any sort shall be practised, promoted or tolerated.

Social distancing and **personal hygiene** being the only known method to break the chain of spread of COVID-19 infection from person to person, it needs to be meticulously observed especially in camps both by the inmates and service personnel. Camp manager will ensure this in letter and spirit.

The following guidelines shall be followed for smooth management of TMCs and quarantine centres.

Camp arrangement	<ol style="list-style-type: none">1. A register will be maintained in the camp containing details about the people staying including information about pregnant women, infants, elderly, people with existing health condition and persons with disability.2. There will be an information board containing the contact details of Sarpanch, GP Nodal Officer, Local Medical Officer, ASHA, Anganwadi Worker, and ANM.
-------------------------	---

3. The beds should be arranged in such a way that at least one meter distance remains between 2 beds.
4. Appropriate planning & demarcations shall be made in advance to ensure social distancing in the camp. Required disabled-friendly arrangements shall also be made, wherever required, to the extent possible.
